**ADDITIONAL INFORMATION**

**Welcome Carnival**

August 29th AT CLARKSON

The Welcome Carnival is a great opportunity for SWE to recruit the incoming Freshman! We will be at a table in or outside of the Student Center to talk to the new students about what we do on campus. If you are interested in helping out at this event it would require you to return to campus early. Keep an eye out for new information about this event coming in **July**.

**Potsdam Students Tutoring**

Do you love helping others learn about math and science? Are you interested in making connections with those in the Potsdam community? The Diversity and Inclusion Office is working on setting up communication with local elementary, middle, and high school students, specifically the children of professors, who need to be tutored/home-schooled in math and science. This will be a great way to use your math and science skills to help others learn more about and even enjoy the classes that they are taking! If you are interested, please keep an eye out for further information since it is still in the process of being set-up. Contact Cat way (wayc@clarkson.edu) or Carolyne Shultes (shulteca@clarkson.edu) if you have any questions.
