ADDITIONAL INFORMATION

**Girl Scout Event – March 6th**

We will be hosting our Annual Girl Scout Event! Previously, we have had great success with helping the girls work towards achieving their Journey badges. Some past examples include building paddle boats, cranes, and marshmallow catapults. We showed the girls that engineering surrounds us; from cooking to great architecture and design. It is our mission to show them that engineering is something that they are more than capable of doing. This is a great experience for both the girls and SWE members. Please consider helping these Girl Scouts on their path to become future STEM leaders. If interested, sign up [here](#)!

**WeLocal – Buffalo, NY**

WeLocal will be in Buffalo, NY March 27th-28th. This conference is smaller than the annual conference in the fall. It is an excellent opportunity to network and attend sessions to develop your professional skills. It is not too late to sign up, but Early Bird registration has ended. Contact Kathryn Konopko and Paige Fronczak with any questions.

**FIRST Robotics Tournaments**

FIRST Robotics is hosting a tournament at Clarkson this month and they need volunteers. The tournament will be on February 29th from 7am-6pm. You can receive 1 outreach point for SWE, you will receive service hours, as well as free breakfast and lunch, and a free t-shirt! Please see the email that was forwarded on Friday, January 31st for all information and contact robotics@clarkson.edu.
